MISSIONS

JULY 2020

Dr. Marty S. Tew

MADE FOR MISSIONS OFFERING

The command from the Lord Jesus of the Great Commission can be found in the DNA of every Christian. We are all called to take our place in the body of Christ and do our part in carrying out Christ's redemptive mission on the earth. Every believer is Made for Missions! The proceeds of the Made for Missions offering help fund the PFWB World Witness Department, which supports missions work and ministers in seventeen foreign countries. We are asking for all our local PFWB Churches to participate in this missional offering. Normally, we would receive the Made for Missions Offering on the first night of the PFWB Camp Meeting in July. However, the Camp Meeting has been canceled due to the Covid-19 situation. So, I am asking that each local church receive a Made for Missions offering in your own services in the month of July. You may designate a particular Sunday or allow your people to give towards this offering throughout the month. At the end of July, you can then forward your offering to the PFWB Resource Center. I plan to make a short video that you can download about Made for Missions that I will send to all our ministers via email with a drop box link. I will send it prior to the first Sunday in July. You can use this video to show in your local services, should you desire. If you do not have email, but want a copy of the video, please contact Amy Murphy at the Resource Center and we will make it available to you. I want to thank you ahead of time for participating in this missional offering. You probably do not realize what a powerful impact it has on our mission fields. We must make the most of the time we have remaining to preach the gospel to a lost and hurting world.

GO2020

I want to thank those individuals and local churches that participated in GO2020 throughout the month of May. The purpose of GO2020 was to mobilize the people in your church to share their faith with unbelievers by embracing a Prayer, Care, and Share lifestyle of relational evangelism. The idea was that GO2020 would serve as a catalyst for believers to become intentional about witnessing on a daily basis. I am still available to come to your church to teach this model of relationship evangelism to your people.

MISSIONS UPDATE

PFWB *Missions*

I mentioned in my previous update how Covid-19 has affected my travel to our mission fields this year. It remains unclear at this time when I will be able to resume international travel. Most of our foreign fields are under stricter lockdown than we are. The good news is that many of our local congregations stateside have resumed corporate worship in their sanctuaries, following social distancing guidelines. This has opened the way for me to schedule mission services in our local churches again. I would love to come to your church and share with your people what is taking place on our PFWB mission fields. I typically will show a couple of videos so the people can see some of our mission works they are supporting through their prayers and giving. As it is summertime, I know some of you will be taking summer vacations. I can fill your pulpit on a Sunday that you will be away if you desire. I am scheduling my calendar throughout the remainder of the year so reach out to me if you would like a mission's conference service. My contact information can be found below. May God bless each of you and thank you for your commitment to ministry.
